

National Smokejumper Association

1622 South Avenue West

Missoula, Montana 59801

(406) 549-9933

PRESIDENT'S MESSAGE

GET OUT YOUR 1995 CALENDAR NOW! Then mark down these dates: July 7 & 8. The place is Missoula, and the occasion is the next National Smokejumper Reunion!

If you've been hangin' in with your old Smokejumper pals, you've either attended or heard of our last two national gatherings: 1984 in Missoula and 1989 in Boise.

While partaking in the fun and fellowship, a few folks suggested that we formalize our relationship by lashing together an association to keep us in touch and promote various causes in which we have a common interest.

A few of us followed up, and this newsletter will fill you in on what we've done so far.

Some of the fuzzier-headed pals said they had a tough time remembering to mark off odd, then even years for our gatherings. So, in deference to them, our national meetings--beginning with our next one--will be years that end with "5" or "0". Hope that'll help fellas!

Our intent is that, henceforth, national reunions will rotate among all of the bases, and we hope current and former jumpers will use the 'tween years to sponsor individual base or state reunions.

If you are a member of the association, you'll receive at least two newsletters each year. We hope you'll send us information of interest or value to fellow members to liven up this rag. We'll even report your best "silk stories" if they're reasonably believable.

We've had a terrific response to our call for membership in the National Smokejumper Association. Since we put the word out early this year, we've received applications from more than 465 Jumpers and other folks that we were associated with, such as pilots for example.

Most replies to date have been from those who worked in the outfit's early years--as far back as 1940.

It's gratifying that so many are eager to get information about their old buddies. Serving as "Smokejumper Central," a directory service is one of the principal aims of association of course, but we have several other reasons for being: To help maintain esprit de corps, preserve our history, and ensure that we have an effective, trained fire fighting organization in place, able to respond to wildfires on any jurisdiction, federal, state, or private.

In line with these objectives, one of our association's first projects will be to support the new USDA Forest Service Museum that's being planned for Missoula. We intend to build a Smokejumper wing for the museum and provide financial and physical support to the overall operation of the museum.

The goals above are not all-inclusive. After all, it's your organization, and your Board of Directors and your Executive Committee are here to serve you. Here are some other suggestions we've kicked around--and we'd welcome your thoughts about them, plus any other ideas you may have: Awards for current "Jumpers of the Year" from each base, and discounts for group travel.

As president of your association, I look forward to making it an organization you'll be proud of. Drop a line or give me a call if you have suggestions, historical information, questions, etc.

Earl E. Cooley
EARL COOLEY
President

HERE'S WHAT WE'VE BEEN UP TO

We filed our Articles of Incorporation as a non-profit, public interest corporation on Sept. 24, 1992. Since then, we've had to revise those articles and bylaws in order to make them more compatible with the purposes of the association. We've sent our bylaws to all Jumper units and Directors, so that they can review and revise them if needed, so as to ensure that they are satisfactory to everyone.

Our association's governing body is a Board of Directors comprising representatives of all Smokejumper units in the Bureau of Land Management and Forest Service. The number of Directors per base is determined by its size.

Board members have jurisdiction over an Executive Committee, that's made up of a president, vice-president, secretary and treasurer. Its headquarters are in Missoula.

Executive Committee members will be responsible for memberships, newsletters, and the collecting and cataloging of historical photos, stories, and artifacts. Also, support projects that have been approved by the Board of Directors, and general administrative tasks, such as the planning for reunions.

With the approval of all Base managers, we've selected the following temporary Directors who will hold office until an election during the 1995 reunion. (See attached listing of Board of Directors, Base managers, and Executive Committee.)

OUR MEMBERSHIP DRIVE

We have a listing of almost 5,000 men and women jumpers, but only about 1,190 addresses. This January we bulk-mailed flyers to those 1,190, but don't know how many reached their destinations because, under bulk-mailing rules, rejects aren't returned. We also sent flyers to 400 others whose addresses didn't qualify for bulk-mailing privileges. Of those, 135 were returned as unclaimed.

Through those mailings and your networking, we've signed up 466 folks, but we're confident that, as others learn of our association, they'll join.

Please forward this newsletter and membership application at the back to other Jumpers with whom you're in contact. Or, if you wish us to contact them, send us their addresses. (The Executive Committee has made calls from Washington, D.C. to Tucson, to Alaska, and other points, trying to gather addresses.)

Regular memberships are open to all current and former Smokejumpers. Associate memberships are available to those who've worked directly with Smokejumpers, such as pilots, retardant operators and hot shot crews, for example. Dues, payable on a calendar year basis to the National Smokejumper Association, are listed on the application form at the back of the newsletter.

If you would like to look over our current listing of almost 5,000 names (and update it, we hope) please send \$10.00 to cover reproduction and postage to the National Smokejumper Association at 1622 South Ave W, Missoula, MT 59801, telephone: (406) 549-9933.

Two association members, former Missoula jumpers Fred Rohrbach and Lee Peppard, have pledged \$5,000 each towards the production of a half-hour video on the outfit. As we envision it, the video would feature current and historical footage of the planes and equipment we've used--and are using--in our training and work. Total cost for the professionally produced product would be about \$30,000, and it would be available for sale at discount to our members and for about \$20 to the general public. We are in contact with several potential contributors, but here are some questions for you: Could you line up any other potential sponsors? Would you donate to defer production costs? Would you be interested in buying such a product?

We have much more to tell you about--such as the four Russian Smokejumpers who were at the Missoula base recently--but will have to wait until the next newsletter.

Anything else you'd like to know? Send your association dues and your questions, and we'll try to answer them.

KEEP 'ER INTO THE WIND

Please note: This listing includes those who sent in paid applications through July 1, 1993. Those who paid later, will be included in the next newsletter.
